- **Bylaw Review** In an attempt to eliminate interpretation of our bylaws, the board has decided to refine some sections. This will hopefully leave less room for confusion.
 - Some of the changes include, but are not limited to, the playoff championship game will be determined by coin toss at the plate. Drop 3rd may be implemented for the season if 10U plays interleague. Chin straps will be continued to be required and better enforced. Bunting and slapping is only allowed during player pitch. The outfield is defined by the grass, and the infield is defined by the dirt. There will be no standings kept for 6U and 8U divisions. No new innings started after 120 minutes and drop dead at 140 minutes.
- **NorCal/FAA** Price increase is planned for next season and will be seen through registration fees. Scholarships are available. Rachel will help new VP set up fall ball questionnaires. Umpire fees and background fees are also increasing. Those that volunteered the fireworks booth will get a credit towards their registration. Community service day is in September and everything has been accepted. New shade at L3, mounds and bullpens. Jereme will come up with how much it will all cost. We may have to pay upfront and get reimbursed for some things.
- **Uniforms** The board is in discussion of some changes including moving the names below the jersey number and including the number on the front of the jersey. Discussion was made to have the team names reflect real D1 college teams and have the jersey colors reflect the team. We are understanding these changes will take more turnover time when ordering jerseys.
- **Snack Shack** The refrigerator doesn't work and we are in need of a commercial grade fridge.

Approval of new refrigerator with a \$3500 budget

Approved: all

- **Fall Ball Updates** Registration closed, enrollment is low with less than 50. The season starts Labor Day and runs through Halloween. We currently do not have a 14U coach and there are 13 players that may not be able to play if there is no coach.
- **Board Presence** The board would like more presence at games throughout the season. We may implement a sign up sheet at the beginning of the season. We feel it is especially important for division reps and coach agent to be present.
- **Female Rep** It is important that each team has a female rep to be present at games and practices, this will be enforced and presented at the coaches meeting.
- **Domain** has changed to folsomsoftball.com
- **Treasurer's Report** Umps may have to be 1099/W9 if they are making over \$600
- **Umpire Gear** previously approved but was not purchased so Jesse will proceed with purchasing umpire gear.
- **Banners** Shara will order new banners that have our new domain

Approval of new banners with a \$600 budget
